

# BOBBY CALF UPDATE **2020**

## Dear AFFCO Bobby Calf Supplier

As we embark on another bobby calf season, we would like to take this opportunity to thank you for your continued support to AFFCO and for your ongoing commitment to comply to the requirements that have come into effect over the past number of seasons. As a processor we take our compliance requirements extremely seriously and appreciate our suppliers doing this also as it streamlines the whole process.

The bobby calves you supplied through 2019 provided a valuable source of employment for the staff in our factories. As you are no doubt aware July, August and September are traditionally quiet months in the livestock processing industry. The bobby calves allow AFFCO to keep our staff employed through the winter and also ensure we have labour in place to transition into beef and lamb processing in the spring.

At AFFCO we are proud to share with you our continued support of Rural Schools and Volunteer Fire Brigades and in 2019 we donated another substantial amount of money to these organisations. We are continuing the programme in 2020, and for you it is easy just nominate your local rural school or fire brigade at the bottom of your registration form and we will do the rest, this is a donation from AFFCO and doesn't come from your schedule payment.

We are also giving you the chance to have a holiday on us with the chance to win one of 10 \$1,000 travel vouchers if you register before the 1st of May 2020.

We wish you well for the 2020 season.

Best regards

Tom Young  
National Livestock Manager
